Guidelines for Submitting a Session Proposal:

Requirements

- Current NNS membership
- Session proposal should include 4 speakers
- Time allotted for each symposia session is 90 minutes. At the session organizer's discretion, sessions may be organized as four 15 to 20-min talk slots followed by questions. The final minutes could be used for an alternative format, such as a debate among the four speakers, an extended Q&A between the audience and all four speakers, etc.
- The Symposium Planning Committee reserves the right to ask an organizer to modify their session to ensure balance and quality in the annual meeting program.
- You may only be a speaker in one session.
- Speaker honorarium will be determined if budget allows.

Higher priority will be giving to session proposals including the following:

- include related SCI and TBI talks
- include related preclinical and clinical talks
- have institutional diversity
- have gender and rank diversity
- sessions with confirmed speaker

PROPOSAL FORM
